

JAYA KRISHNA RAI

Computer Science Engineering Student | Aspiring Software Engineer | DSA & Development

 +91 9110736425 |  rajayakrishna303@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Summary

Computer Science Engineering student with a strong foundation in Data Structures and Algorithms, Python, SQL, and software development. Experienced in building academic and personal projects involving data analytics, dashboards, web development, and automation. Actively strengthening problem-solving skills through consistent DSA practice and seeking internship opportunities to apply technical knowledge to real-world software and data-driven projects.

Experience

Python Developer Intern — Ceeras IT Services
May 2025 – July 2026 | *Software Development*

- Developed scalable backend APIs using Python and Django, with optimized PostgreSQL database schemas and frontend integrations.
 - Collaborated with cross-functional teams using Git and GitHub for version control and code collaboration.
 - Worked with Vercel and Render deployment pipelines and resolved deployment-related issues.
 - Troubleshoot full-stack performance bottlenecks and optimized complex PostgreSQL queries.
 - Contributed to real-time software projects, demonstrating problem-solving and teamwork.
-

Education

B. Tech — Computer Science and Engineering
Sri Venkateswara University College of Engineering (SVUCE), Tirupati
Expected Graduation: 2028 | CGPA: 9.09/10

Technical Skills

Languages: C++, Python, Java, JavaScript, SQL
Web: HTML, CSS, Django, REST APIs
Databases: PostgreSQL, Oracle, SQL Server
Data & Analytics: Pandas, NumPy, Power BI, Excel
Tools: Git, GitHub, Docker, VS Code
Core: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Projects

- [Sales Analytics Dashboard](#) — SQL Server, Excel
- [HR Analytics Dashboard](#) — SQL Server, Excel
- [Student Performance Analytics Dashboard](#) — SQL Server, Excel
